**23th October: Labour Day
Public Holiday.**

**Sorry We're
CLOSED**

Labour Day a public holiday in New Zealand since 1900, is a suitable occasion to pay tribute to Samuel Parnell, who achieved fame as the founder of the eight-hour working day in New Zealand.

This year the Marsden Club's Christmas Lunch will be at 11.45 am on 25th of November at Wilton Bowling Club. You will receive an invitation with information soon.

One of the most popular outings was in September to visit the Settlers Museum in Petone. It is always interesting to look back in time

Petone Settlers Museum is a historic building in [Petone](#), [Lower Hutt](#). It was originally a bathing pavilion built for the Wellington Province's centennial commemorations. It is now home to the Petone Settlers Museum which received an extensive refurbishment in 2016.

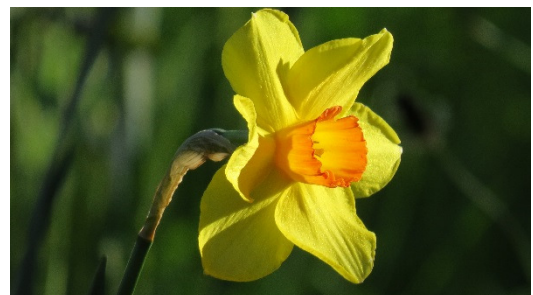

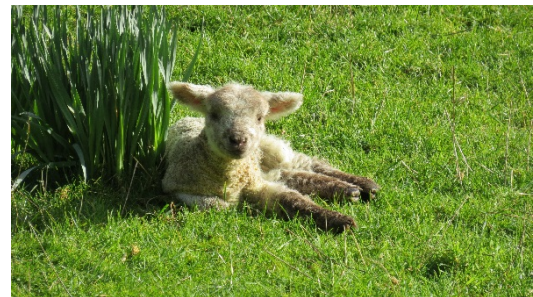

Playing with cards and dominos are very exciting and enjoyable activities. Understanding and following the rules which are based on mathematics and logics are a very complex brain and mind exercise.....But winning the game is important too.

We love to be here

Spring is time for planting in the garden. We created a mini garden in the conservatory.

The last month was very wet, but we still found time to visit Makara farmlands. Look at what we saw!

Definitely spring brings the most beautiful months of the year. All gardens are blooming, lovely flowers and blooming trees everywhere. As it is daylight saving we can enjoy more time outside in the gardens and parks.

Warm Regards from the Marsden Club
